

In the 1930s, Spain was a deeply divided country that was politically torn between right-wing Nationalist and left-wing Republican parties. In 1931 the King abdicated after the Republicans came to power. There followed a period where the two political rivals had periods in power as the elected government. The country was so divided and unstable that in 1936 the army rebelled and forcibly removed the Republicans from power and Civil war ensued. These books tell that story.
